

## 587% Organic Traffic Increase: Optimized Technical SEO + Locations

587% laser targeted traffic increase. 4 locations optimized across Google products and Bing services. Increased organic, and higher converting paid traffic (Adwords).

### The Brand Promoted: Quickshot Shooting Range

**Quickshot Shooting Range:** Quickshot Shooting Range has multiple locations (4 at the time). They are the most reviewed, trusted (clean, friendly, safe, affordable) gun range throughout the southeast. When they contacted me they were receiving very little traffic around October 2016. Within a few short months traffic is back, conversion is higher than ever (traffic is very targeted) and business is growing.

**Methodology:** Fix all technical issues. Sync data across all Google products including Google My Business, Webmaster Tools, Analytics, and Bing Places, Bing Webmaster tools. Best practices Onpage SEO including meta data, super advanced schema data, compelling content and calls to action. Conversion tracking landing pages, and optimized Adwords campaigns increased CTR and lowered CPC. Dominate true services + true service area.

### Results:

Dominate true services + true service area.
